Challenges take participants throughout the heritage buildings and gardens for a unique experience that is both exciting and empowering!

VICTORIAN SECRETS: Why didn't Victorians smile in photographs? Did they really drink beer for breakfast? Just how tight were those corsets? Uncover the truth behind the Victorian era's biggest myths while exploring the heritage village on an interactive tour where you will learn everything you never knew you wanted to know!

HAPPY HOUR AT THE VILLAGE: Discover the delicious world of Victorian drinks! In this hands-on workshop, we will be mixing up "dry" drinks such as old-fashioned soda pop and a harvest time punch plus learning the recipes for traditional cocktails that you can make at home. It's time to discover the scandalous stories hidden in the histories of these ingredients!

HAUNTED WALK: Enjoy a guided ghost tour with Haunted Walk featuring some of the oldest buildings in the city! Black Creek Pioneer Village is the perfect, creepy backdrop for spine-tingling ghost stories.

TEAM BUILDING PROGRAMS

GPS/GEOCACHING: Participants will learn how to take part in the popular activity of Geocaching which is a high tech scavenger hunt using a GPS unit! Participants will walk just over 1 km to 2 km on flat trails with no difficult terrain. This program can be adapted to be a fun competition!

Wellness Walk: Immerse yourself in nature. Studies show that time spent in nature can impact on your general well-being and can teach, inspire and assist us (just by being in its presence) to be positive and healthy individuals. Go on a walk and learn how nature deals with stress and take away teachings that are applicable in your own life.

Fire Building: Unleash your competitive side as you compete with other teams to burn through the string first. Learn fire building safety, techniques and then put your skills and wits to the test.

Survival Skills (option 1): Will your shelter "stand up"? Learn how to construct a practical survival shelter that could help keep you dry and warm in an emergency and discuss the pros and cons of different shelter types.

Survival skills (option 2): In this fun, fast and furious session, participants learn about early hunting tools and practice with a modern varient of an ancient hunting tool while trying to hit a target as many times as possible within a time limit. Compete against your colleagues to get the most hits and most points to win the challenge!
